Sub: Resentment on Re-employment of retired sub-ordinate engineering employees in Engineering wing – reg

Ref: 1. Appointment of Retired SEA at DDK-Chennai vide DG: DD letter No. 912/23/2014-Scor dated 17.06.2016.

2. DDK-Chennai letter No. DDK/CHN/24(6)/2016-All/ dated 29.09.2016.

Respected Madam,

We would like to draw your kind attention on the subject matter of employing retired sub-ordinate engineering employees on a casual basis in engineering wing. In this regard we would like to bring to your kind notice that when the floodgates for employing staff on a casual basis in our department was started few years back, due to the strong protest by our associations, the idea was immediately dropped especially in the engineering wing. In fact the associations gave an assurance to the authorities that, any additional workload/burden will be shouldered by the existing engineering employees in order to prevent the entry of casual employees in engineering wing. It is also to mention here that regular recruitment of Engineering Assistants & Technicians is going on under Prasar Bharati and absolutely there is no staff shortage in major Kendras.

Recently, it is observed that a retired sub-ordinate engineering employee has been given an appointment on a casual basis in DDK-Chennai, to our shock and disappointment and this action is highly condemnable. It is needless to say that the entry in technical areas/ operation of equipments is done with proper authorisation from the higher officials as per manual. By employing casuals, it only poses a security threat of the technical installations.

We would like to mention here that the Head of Office of Doordarshan Kendra, Chennai has engaged a retired Senior Engineering Assistant w.e.f. 15.09.2016 vide order under reference (ii) enclosed herewith for your ready reference. This move was strongly opposed by both the recognised engineering associations on 19.09.2016 and demanded immediate withdrawal of such an appointment.

-2-

We would like to submit that, ignoring the sentiments of subordinate engineering cadres, who are the backbone of the organisation, his appointment caused serious resentment among the engineering cadres in general and Doordarshan, Chennai in particular. This appointment may further lead to engaging retired staff in engineering areas in other installations of AIR & DD. Also we are apprehensive of nepotism in the appointments and corrupt practices in the areas of their working.

We would like to point out that any casual employment should be restricted to non-engineering areas only and we hope that you will respect the sentiments of sub-ordinate engineering employees and take appropriate measures.

We request the immediate intervention of your honour.

Thanking you in anticipation.

g/c

Yours faithfully

SHYAM VIR SINGH
PRESIDENT
