

x). Anomalies in Transfer:-

The Association pointed out that welfare measures are not being considered during transfers either at Directorate level or Zonal Office level. The Association demanded that representative of concerned Association should be invited in transfer committee meetings at Directorate and Zonal level to discuss their representations as such a practice is being followed in Programme Cadres. M(P) directed that transfer screening committee may also be formed for Engg. cadres in like with Programme cadres.

(Action: DDA(E), DG:AIR & DDA, DG:Doordarshans).

The meeting ended with a vote of thanks to the chair.
