

ADTEA Contempt Application in Hon'ble High Court of Chennai

The case come up for hearing on Dated 22.2.2017, ADTEA mainly stressed upon 2 issues concerning Technicians & Senior Technicians of AIR & DD.

- 1) The pay of senior technician should be fix on notional basis in following pay scale:

Rs. 550-800 from 1.7.1983 to 31.12.1985

Rs. 1600-2660 from 1.1.1986 to 31.12.1995

- 2) The date of giving monetary benefits (arrears) should be corrected. At least from the date of judgments, if not given from 1.1.1996 as given to Lighting Assistants

The Hon'ble High Court has asked the respondents to implement the court order correctly.

It is to mention that department has already challenged the ADTEA application in the Hon'ble Supreme court but the Apex court rejected the department plea, now our scales are not effected from the GHOST of upgradation(25.2.1999) because the pay of Technicians and Sr Technicians are revised and fixed from 1.7.1983 as per the pay of Lighting Assistants. The Prasar Bharati was not in existence in 1983 when the pay-scale of Technicians and Senior Technicians were enhanced to maintain the parity. Now many Associations, individuals are claiming that they are the main person for protecting the benefit of Technicians but ADTEA had proved several times that they are seriously fighting for their cadres.

Be cautious for rumors
