Sub: - Association's view point In regards to number of posts at STS Cadre.

Sir,

Kindly recall our request as ADTEA's member in the Committee, we hereby wish to submit the viewpoint as expressed by our Association's cabinet committee in the proposed cadre restructuring as discussed.

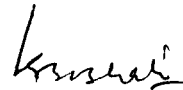

In the existing structure, at present total numbers of posts of ASEs and SE's are 739 and 582 respectively, whereas in the proposed structure as suggested by ARTEE and Engineer Association, the total numbers of post at STS level will be 651 (369+282).

In the existing setup, total 1974 numbers of AEs are being promoted to the cadre of ASE under 50% quota and thereafter to STS cadre utilizing both 739+582 posts, but in that case only 651 posts of STS level would be available to direct JTS (217 nos.), AEs (1974 nos.) and SEAs (2246 nos.), which means barely 651 nos. Of posts for 4437 nos. of employees. We sincerely hope that in the said proposal, every possible effort will be made to keep the posts intact.

We have no objection in increasing the no. of post at higher level but it should not be done at the cost of sacrificing the posts at the subordinate levels. It is worthwhile to mention here that in our proposal for cadre restructuring, we have not increased even a single post in any category.

We sincerely wish that the contentions spelled out by ADTEA must be reflected in the ongoing proposed cadre review.

Thanking you,
