Subject: Objection on closing of DD's Terrestrial Transmitters-reg.

Respected Sir,

We have come to know that there is a move to close down the Terrestrial Transmitters of Doordarshan. In this connection we wish to submit that this move will adversely affect the masses who cannot afford the monthly expense of cable TV network.

All these terrestrial transmitters are commissioned with specific motives considering the living conditions and earnings of Indian public along with surrounding condition of country to counter cross border propoganda by neighboring countries.

It is learnt that it was discussed that viewership of Terrestrial is very less, in this connection we wish to mention that an authentic survey needs to be conducted before taking any decision on this matter.

We also request you to please take into confidence the associations before taking any final decision on the matter.

Thanking you

Yours sincerely
